Hitler Believed Ready To Reject Proposals: Wants To Put Forward Plebiscite Principle

BIG SPEECH ON FOREIGN AFFAIRS NEXT MONDAY

Paris, September 7. Press commentators today emphasise that the Czech crisis is reaching a climax.

Madame Taboulet, writing in the L'Ouvre, declares that foreign circles in Nuremberg believe that Herr Hitler is ready to reject the new Czech plan but until Monday, when he makes his big speech on foreign affairs, he wants to weigh minutely the conditions of his refusal.

He particularly wants to put forward the principle of the plebiscite thinking thereby to retain the opportunity of proposing plebiscites in several European countries.

L'Epoque says that if arbitration comes later it must be at the price of further concession, otherwise the independence of Czechoslovakia would be no more than fiction and we should soon repent having opened the door to the invader.—(Reuter).

PROPOSALS SUBMITTED TO SUDETEANS

Prague, September 7. The new proposals of the Czech Government have at last been submitted to the Sudeten German Party.

A sealed envelope containing the proposals was brought by messenger to the home of the Sudeten German delegate, Herr Kundt this morning.

The Press Department of the Sudeten German Party announces that the Sudeten German delegation will examine the new proposals, request information on points which may require further elucidation and then submit the plan to competent organs of the Sudeten German Party.—(Transocean).

PROPOSALS REJECTED?

London, Sept. 7. Details of the new Prague nine point programme were received here too late to allow this morning's press sufficient time to comment in detail on the matter.

Some papers in their editorial comments reflect the probable rejection of the new programme in London and some quarters already claim to be in a position to state that the proposals have been rejected by the Sudeten German Party.

Opposition papers declare that the Prague Government went so far only through pressure from Lord Runciman who is stated to be acting on advice from the British Government.

In unprecedented manner, The Times deals with the nationalities problem in a leading article and demands that non-Czech and non-Slovak territories be separated from Czechoslovakia should no other solution be found. No central government, states the paper, would be worthy of its name if it did not retain control in the questions of defence, foreign policy and finance.

NO DIFFERENCE

There seems to be no difference on this principle in the views of the Prague Government and Herr Konrad Henlein. If Sudeten Germans now ask more than the Czech Government in its last proposals

LONDON STUDIES PROPOSALS

London, Sept. 7. The new Czech proposals are now being studied in official quarters in London.

The first impression is that the proposals represent a basis on which negotiations might well be conducted. It is hoped in London that both sides will be able to get together and examine the proposals in a spirit of goodwill.—(Reuter).

is apparently willing to grant them one can only come to the conclusion the Sudeten Germans are seeking more than the removal of impossible conditions and do not wish to remain in the Czechoslovak Republic.

In this case it may be useful to the Czech Government to know whether a solution could not be found on entirely different lines which would bring about the creation of a completely homogeneous state outside Czechoslovakia.—(Transocean).

NOT OFFICIAL VIEWS

London, Sept. 7. Reuter's diplomatic correspondent learns that the suggestion in The Times of succession of Sudeten areas does not represent any British official views.—(Reuter).

One of the most extraordinary crashes in the history of aviation was that of the giant four-engined liner Albatross, expected to break records on the transatlantic service. This broke in two when landing after a test flight at Hatfield, and here you see the forepart of the plane being hauled from the aerodrome. No one was injured in the accident. It is a "one in a million" chance that the same circumstances might occur again, and, after a thorough inquiry by Air Ministry officials, these, are, it is stated, fully understood. The authorities do not anticipate a hold-up in Atlantic flight plans.

CHINESE ARTILLERY'S GOOD AIM

Kiangtchen, Sept. 7. The remarkable marksmanship of Chinese gunners along the middle stretches of the Yangtze was indicated by the large number of Japanese war vessels hit during the last month while passing through Slangshan and Huangshan near Maian.

It is estimated that at least one hundred Japanese vessels of various descriptions, large and small, were hit by Chinese batteries along the river positions and were either damaged, disabled, or sunk during the last month.

For the last 10 days of August, 41 enemy vessels were hit.—(Central News).

HALF HANKOW WILL NOT BE ATTACKED

Tokyo, Sept. 7. About one half of Hankow is included in the area designated by the Japanese Government as that which Japanese forces will refrain from attacking in order to ensure the safety of foreign rights and interests. It was announced here today.

Immunity is granted on condition that Chinese forces do not use the designated area for military purposes, according to a spokesman of the Foreign Office who said that the area comprises the French Concession, the former British, German and Russian Concessions and the Customs House and bund contiguous to them.—(Reuter).

POPE PIUS DENOUNCES RACIALISM

Rome, Sept. 7. His Holiness again denounced racialism when addressing men and women teachers in the Vatican City.

Referring to the manifesto on racialism issued by Fascists recently, he said that the manifesto was contrary to "Roman Catholic doctrine."—(Reuter Bulletin).

CRICKET SCORES

London, Sept. 7. Lunch scores of cricket matches played today are as follows: Gentlemen 87 for 1 v. Players, Endland Past and Present 147 for 6 v. Sir Pelham Warner's XI.—(Reuter Bulletin).

Another Eurasia Plane Attacked

Machine Found In Field Near Hanyang: Pilot Hurt

THIRD OUTRAGE IN TWO WEEKS

Hankow, September 7. The Eurasia Aviation Corporation's Junkers-17, which was attacked by Japanese planes yesterday afternoon near Hankow, has been found in a paddy field southwest of Hanyang, twenty kilometres north of Pailchow.

The plane is lodged in several feet of mud. The pilot, mechanic, wireless operator and steward have all been rescued.

The plane was found about one o'clock this afternoon. Great secrecy was maintained by the officials of the Eurasia Corporation and the attack on the plane was not generally known until early this morning.

It is now revealed that about three o'clock yesterday afternoon, the Wuhan Air Defence Headquarters received reports that several Japanese pursuits were heading for Hankow. To avoid being bombed, the Eurasia plane, which was lying on the Nanku Aerodrome, took off with four hours' gas supply.

The plane was immediately intercepted by Japanese planes and attacked.

The plane, it is now learned, left Hankow for Sian yesterday morning, but was recalled to Hankow while on its way to the Shensi capital.—(Central News).

PILOT WOUNDED

Hankow, Sept. 7. The Eurasia plane crashed in a ricefield at Pailchow, twenty-five miles to the southwest of Wuchang. A rescue party hurried to the scene from Hankow.

It is understood that the party of four aboard the plane, including the Chinese pilot who was wounded, are expected to be brought to Hankow late this afternoon. The party comprise the pilot, wireless operator, mechanic and steward.

The plane is expected to be recovered.—(Reuter).

Rioting Continues In Rangoon

Rangoon, Sept. 7. Rioting is still continuing spasmodically in the city. The Commissioner of Police has warned the populace that those carrying firearms without licence will be imprisoned.

Twenty-one have been killed and over 100 injured since the rioting started on Friday.—(Reuter Bulletin).

Black-Out

The "precautionary period" for the Colony black-out will end at 8.30 this evening.

The "air raid warning period" will commence at 8.30 tonight and will end at 8.30 p.m. on Sunday September 11, unless the "air raid warning" signal has been sounded before this latter time and date.

Queen Wilhelmina Is Enthusiastically Greeted

Drive Through Decorated Streets To Exhibition: Royalty Hears Huge Choir

Amsterdam, Sept. 7. Queen Wilhelmina was enthusiastically greeted by the people of the Netherlands from all over the country today when Her Majesty drove through decorated streets to visit the Colonial Institute, where an exhibition is being held to give an almost complete survey of the development of the Dutch and Dutch East Indies' economic life during her 40 years' reign.

A striking exhibit was a magnificent display of rough diamonds sent from London.

In the afternoon, a mammoth choir of 13,000, including children, supported by an orchestra and six bands, assembled in front of the Palace.

The Royal family listened to the music from the balcony. At the conclusion of the programme the choirs and bands marched past cheering lustily.

A feature of the illuminations is the brilliant lighting of the famous canals.

Tonight there will be a soccer match between a Dutch national team and the Italian champions the Juventus. There will again be music, dancing and open air cinema shows in the streets.—(Reuter).

STAPLES SURPRISES!

CAKE-MAKING AT HOME

Some of the simple, old-fashioned cakes, which are specialties of certain country districts in England, provide a welcome change from the rich, cream-filled varieties more generally available in towns, and the following recipes by a farmer's wife in Yorkshire, may be found well worth trying:—

YORKSHIRE CAKE

Take 1 pound of finely-sieved flour and 1/2 pound freshly-made butter, lightly salted. Put these in a basin before the fire, and when melted add 6 ounces fine sugar. Mix all well together with the fingers, beating up the flour from underneath until thoroughly blended. Put in a greased baking tin, pressing the mixture down with the palm of the hand. Bake in a good oven, and cut into squares while hot.

The farmhouse kitchen fire gives out a great deal of heat, unlike its modern counterpart, the gas-stove. This recipe can be more easily made therefore, by placing the basin with the flour and butter in a sunny position until the butter begins to run, and then mixing in with the sugar may be done with a wooden spoon—a far less "messy" operation, and equally satisfactory. The rest of the directions, regarding baking etc., may be followed. This is a dough-like cake, very delicious eaten while hot with plenty of butter.

GINGERBREAD LOAF

1 1/2 lbs. wholemeal flour.
1 lb. fresh butter.
1 lb. granulated sugar.
1 lb. treacle.
1 pint milk.
2 oz. each ground ginger, ground caraway seeds.
1 oz. lemon peel, cut thin.
1 teaspoonful each bi-carbonate of soda, ground cinnamon.
1/2 tea-spoonful ground cloves.
Put the flour and butter in a warm place, and when the butter is quite soft work it into the flour with a wooden spoon. Warm the treacle and milk, add the soda, and

then place all the rest of the ingredients in the bowl with the flour and butter. Blend these well, and then gradually add the warmed treacle and milk stirring it all the time until completely blended. Turn into one large, or two smaller, baking tins—used for making long loaves of bread—and bake in a slow oven for 1 1/2 hours.

SUNDAY CAKE

1 lb. arrowroot.
1 lb. fine white sugar, (caster)
1 lb. fresh butter.
Whites of six eggs.
Vanilla essence, to flavour.
Beat the butter to a cream, stir in the sugar and arrowroot gradually, beating the mixture all the time.
Whisk the whites of the eggs to a stiff froth, add to the creamed mixture, and beat well together for twenty minutes. Lastly add the essence, and bake in a greased cake tin in a moderate oven, until lightly browned on top. Test with a thin skewer to see that it is cooked through, remove from the oven and leave in the tin for a minute until it shrinks from the sides of the tin, then turn out and place on a rack to cool.

NUT WAFERS

1 lb. soft brown sugar.
2 ozs. flour.
1 lb. shelled nuts (any kind).
1/2 tea-spoonful baking powder.
2 eggs.
Pinch of salt.

Chop the nuts finely. Whisk the eggs well, and add the sugar, nuts, and flour, and mix well. Add the salt and baking powder last of all. Blend thoroughly, and drop tea-spoonfuls of the mixture on a greased baking tin. Bake in a moderate oven until of a pale brown colour. Remove carefully from the tin, using a thin-bladed knife which will slip under the cakes easily. When quite cold, store in an air-tight tin.
These little nut cakes make a nice, accompaniment to fruit drinks, and are also delicious with ice-cream instead of the more elaborate petits fours.

PIGEON PIE... HOT OR COLD.

One of the nicest ways to serve them is in a savoury pie. This can be eaten either hot or cold. If served cold, the stock must form a jelly. Here is the recipe.

STEAK IS ADDED

Pigeons are very tasty, but as there is not much meat on them, they must be eked out with steak and pork.

Cut three pigeons into four pieces each, cut 1 lb. steak and 1 lb. lean bacon or pork into small thin slices.

Put all into a large greased pie dish in neat layers with a sliced hard-boiled egg. Season, cover with stock about 1 pint.

Cover with this rough puff pastry:—
Mix together 12oz. flour and a pinch of salt, rub in 1/2 lb. lard and margarine mixed, add cold water containing a teaspoonful of lemon juice, then form into a soft paste.

Roll out into a strip, fold in three, press the edges together, sprinkle with flour, then roll out again. Repeat this rolling and folding three times, then stand the pastry in a very cold place for two hours.

Cover the pie with the pastry, brush over with yolk of egg and cook in a hot oven for half an hour, until the paste has risen. Regulate mark 7. Continue to cook in a low temperature for 1 1/2 hours.

If the pie is to be eaten cold, a heaped teaspoonful of gelatine should be added to the stock before this is poured over the meat.

FRIED WITH BACON

Pigeons and bacon, combine to make a dish which will be much appreciated if served on the breakfast table.

FISH

A variety of canned fish available at all times and places can be easily converted into a number of appetising dishes which add variety to the menu. By keeping a selection of these canned products on hand the housewife is always prepared for the unexpected guest.

SALMON CROQUETTES

1 cup white sauce
1 1/2 cup flaked salmon
1 tsp. lemon juice
Salt and pepper
1 egg
Breadcrumbs
Parsley
Add flaked salmon and lemon juice to white sauce and season with salt and pepper. Shape, roll in crumbs, then in slightly beaten egg, and again in the breadcrumbs. Fry in deep fat, heated until hot enough to brown a piece of bread in 40 seconds (375°F). Drain and garnish with parsley. Serves 5.

STUFFED BAKED POTATO

6 medium sized potatoes.
2 tbs. butter.
1 tsp. salt.
1 tsp. pepper.
2 tbs. Carnation Milk.
2 tbs. water.
1 egg white.
2 tbs. grated cheese.
Bake potatoes in a hot oven for 45 minutes or until soft. Remove from oven and cut off the top third of each; then scoop out insides. Mash potatoes, add seasoning, and then the Carnation and water heated together; beat well; add egg white well beaten. Refill potato shell; sprinkle top with grated cheese and put into a hot oven to brown. Serve at once. Serves 6.

You'll Like These For Tea

Homemakers with growing children to cater for may like to try out these cake recipes for the tea table.

You'll be asked to make this first cake again and again. It is a very nourishing mixture and has a morish flavour.

SEMOLINA SURPRISE

Cream together 4oz. margarine and 4oz. caster sugar. Sieve 1/2 lb. plain flour with a pinch of salt and a teaspoonful of baking powder. Add 8oz. of semolina, 2oz. each of sultanas and shredded peel, 1oz. each of currants and chopped nuts.

Stir well, then mix these dry ingredients with the butter and sugar. Add two beaten eggs and sufficient warmed milk to form a smooth paste. Pour into a greased and paper-lined tin and bake in a moderate oven for 1 1/2 hours.

NUT AND SULTANA

Fruit-nut favourite for the centre of the table.

Ingredients: 6oz. butter, 8oz. caster sugar, 3 eggs, 1/2 lb. self-raising flour, a pinch of salt, 4oz. chopped nuts, 4oz. sultanas.

Cream together butter and sugar, add the yolks of the eggs, then add the sifted flour and salt. Stir in lightly. Have ready the chopped nuts and sultanas and stir them into the mixture. Lastly add the whites of the eggs whisked to a stiff froth. If the mixture is too stiff—it should just drop easily off the spoon—and a little milk.

Pour into a cake tin lined with greased paper and bake immediately in a moderate oven for 1 1/2 hours.

Neglect of COMMON ILLS MAY MEAN days of suffering

WHOLE days of suffering, and in many cases weeks of anxiety and pain can be definitely avoided by the simple action of taking 'ASPRO.' When people realise what a wonderful medicine 'ASPRO' is—how it soothes pain—how it reduces feverishness, and how, after ingestion in the system, being a solvent of uric acid—an internal antiseptic—an anti-pyretic or fever reducer—and a powerful germicide, it strikes at the cause of numerous complaints, then much suffering will be avoided—much illness prevented.

MAHWEILING GIVEN UP BY CHINESE FORCES

Hankow, Sept. 7.
The final evacuation by Chinese forces of Mahweiling, gateway to Tahan, was announced yesterday by the Chinese military authorities. Haifa, Sept. 7.
Two Jews and four Arabs wounded in attacks in various parts of Palestine yesterday.

Round The World In Four Minutes

Within four minutes of its despatch a message addressed by Lord Stanley, the Dominion Secretary, to Empire Governments was handed back to him with five replies which it had picked up on its run of more than 50,000 miles round the world.

This, stated to be the most ambitious cable transmission ever attempted, marked the opening by Lord Stanley of the British Government Pavilion at the Diamond Jubilee Canadian National Exhibition at Toronto recently.

The cablegram, which on rising to speak he sent to the Empire governments co-operating in the exhibition, ran:—

Lord Stanley spoke at 8 p.m.—1 a.m. Friday in London. From Toronto his message went to Vancouver, where it was tea time, and on to Auckland, where Friday's business day had begun.

After collecting a reply from the Prime Minister of New Zealand, the cable went to Sydney, where the Prime Minister of Australia added his reply.

It then travelled by way of Singapore, arriving at breakfast time, and to Bombay, where early risers were just getting up.

The message passed on via Aden to Cape Town, addressed to General Hertzog, and, with the South African Prime Minister's reply, went on to London.

There it was received by the High Commissioner for India and Mr. Malcolm MacDonald, the Colonial Secretary, at 1 a.m. on Friday, both of whom added replies.

While the Chinese are launching a vigorous counter-attack in the vicinity of Mingshan, north-west of Mahweiling, the Chinese command yesterday afternoon finally ordered the Chinese forces remaining in the town to withdraw southwards.

These troops, it is stated, have been ordered to effect a junction with the main body of the Chinese forces which withdrew from Mahweiling on Saturday night.

The forces which evacuated the town, according to the Chinese military communique, are now forming a new line south of Mahweiling, and a counter-attack is being launched along the Jui-chang-Wuning highway.—(Reuters).

In an interview with Reuters, Mrs. Haldane said her three main objects were to bring home to English people that China is making a superb effort in her struggle against Japanese invasion and needs active British help, to study the development of the position of women in China and, by flying to China, to show that the Chinese people are not so far away.

BRINGING GIFTS

Mrs. Haldane is undertaking the journey partly on behalf of the "World's Women's Committee to Fight War."

She will interview Generalissimo and Madame Chiang Kai-shek

"A WEALTH of HEALTH"

"I mean to express with all my heart that your Kalzana has given wonderful results in my little girl, who was ailing for some time."

writes a grateful mother.

If your Child is ailing then give it Kalzana

If any of your children are delicate and irritable, suffer from delayed teething and weak bones, it is more than probable that a lack of minerals is the cause of the trouble.

Give your children Kalzana tablets or powder for a few weeks and you will soon see the difference in their health. It strengthens the cells of blood, body and nerves, increases the power of resistance and makes bones strong, and teeth white and healthy.

Give Kalzana to the grown-up members of your family, and they, too, will enjoy continual good health.

OVER PRISON WALLS

Written by no less an authority
on the subject than Warden Lewis
E. Lawes, Sing Sing's own fearless
head, "Over The Wall" the fast-
moving drama of the penitentiary
smacks of an authenticity never
yet reflected on the screen.

The story has an unusual twist
in the fact that Dick Foran, who
capably plays the lead, literally
sings his way out of prison, after
he has been incarcerated on a
frame-up.

Bitter against all except his
sweetheart, the lovely June Travis,
he soon becomes an incorrigible.
With the aid of a tough but kind-
ly prison chaplain, ably portrayed
by the versatile John Lital, Foran
joins the prison choir. Broadcast-
ing over the air, Foran soon gains
a tremendous following.

From then on the story gains in
interest until it reaches a thrill-
ing climax. It is at the Queen's
Theatre today.

"NOT BLOODY LIKELY"

The above classic line in Bernard Shaw's "Pygmalion" which
shocked London theatre-goers thirty-three years ago, has been
included in the film version of the G.B.S. play which has just
been completed at Pinewood by Pascal Productions.

And it has been passed by the Censor!

In case the Censor objected to
it, the producers took the precau-
tion of filming two versions of the
scene in which the line is spoken,
by Bliza.

George Bernard Shaw

In one scene the line was
retained, in the other omitted.
Censor has decided that there
is no harm in allowing cinema
audiences to hear it.

The line is in the U.S. copy,
because there it has not the same
significance.

"WOMAN-WISE"

The laugh-provoking story of a
newspaperman who thought he
knew all about women, until he
met a little spitfire, making good
at a man's job, "Woman-Wise,"
the Twentieth Century-Fox pro-
duction which opens at the Al-
hambra Theatre today, moves ex-
citingly through the worlds of news
and sports.

In roles which demand an un-
usual range of ability, from drama
to romance to comedy, Michael
Whalen and Rochelle Hudson gain
new stature heading a strong cast
which also features such reliable
performers as Thomas Beck, Alan
Dinehart, Douglas Fowley, Astrid
Allwyn and Chick Chandler.

Cigarettes To Pay Judge's Salaries

Chile's Finance Minister,
Senor Garces Gana, has pro-
posed that cigarettes shall be
sold in smaller packets and
shall be more heavily taxed to
finance higher salaries for
judicial officials.

The bill providing for these sa-
lary rises is now before the ju-
stice Committee of the Chamber
of Deputies and Senor Gana is
faced with prospect of finding
seven million pesos (\$56,000) to
pay them.

Senor Gana's proposal has been
accepted in principle.
Adoption of the proposal will
mean packets of 10 cigarettes, in-
stead of the packets of 14, now
current in Chile.

Practically all tobacco manu-
facturing is controlled by an An-
gio-Chilean combine.

NORMA SHEARER RETURNS

That a thing of beauty is a joy
forever on the screen is reaffirmed
at the King's Theatre, where the
return engagement of Norma
Shearer's dramatic triumph,
"Smilin' Through," is being played
in response to overwhelming public
demand.

This beautiful story, which has
stirred the hearts of countless
theatre-goers, since Jane Cowell first
presented it on the New York
stage, takes on a new glow under
the witchery of Norma Shearer's
acting.

With such sterling actors as
Fredric March and Leslie Howard,
in the support "Smilin' Through"
will work its spell of tears and
smiles, still sweeps the heart by its
moments of pathos which precede
and follow the lighter moments of
gaiety.

Touch wood!

To certain early races of mankind the oak tree was sacred. They rushed to its shelter whenever danger threatened. Even today when we say "touch wood" we unconsciously seek similar protection. To many thousands of people the Manufacturers Life Insurance Company is giving not fanciful—but very real—protection against economic dangers. Like a massive oak, this company has grown to strength from the seeds of small beginnings. Stable as the oak, it has weathered many a storm in the war, epidemic and speculative panics of half a century.

WIDE AUTONOMY GRANTED TO SUDETENS BY CZECHS

Nine Chief Points Of Proposals Announced

Prague, September 7.

A wider degree of autonomy for the German minority in Czechoslovakia than has ever been envisaged is contained in the nine chief points of the Government's new proposals, which will be laid before the Sudetens to enable a resumption of negotiations.

It is again emphasised that the points almost completely satisfy the demands made by Herr Konrad Henlein, and it is believed, therefore, that the Sudetens will not have any difficulty in accepting them, though they may not hurry to do so.

The Government's proposals are as follows:—

1.—Recommendation of the principle of proportional employment of officials according to the population of the areas affected.

2.—Employment of officials in districts of their own nationality.

3.—Division of security service between local and state police, so that local regions will have police of their own nationality.

4.—A new linguistic law based on complete equality of language.

ECONOMIC AID

5.—Assistance in the industrial life of the German districts which have been most affected by the economic crisis, including a loan of 700,000,000 crowns on advantageous terms.

6.—The creation of equality of national status on the basis of national autonomy by the introduction of a system of Gaue (Counties), under which Germans will enjoy self-government within the territories in which there are German majorities.

7.—Special sections for Cantons will be created in all central administrations which will be run by the nationals concerned. They will deal with matters affecting their own nationality.

SPECIAL LAWS

8.—It will be the national right of citizens to be protected by special laws, and elected representatives of various nationalities in the various representative bodies will have the right of complaint against any interference with the rights or interests of their nationals. A special register will be established for each nationality.

9.—Immediate steps will be taken to reach an agreement on those points which do not require legislation.

Romanoffs Now British Subjects

London, Sept. 7.

Three grandchildren of the Grand Duchess Xenia of Russia, sister of the late Tsar Nicholas, have become British subjects.

Notification of their naturalisation was contained in today's London Gazette.

They are Prince Alexander, Prince Michael and Princess Xenia. Their address is given as Hampton Court Palace, the home of the Grand Duchess Xenia.

The London Gazette refers to the Princes and Princess as Alexander Romanoff and Michael Romanoff, students, and Xenia Romanoff, no occupation. (Reuter).

HITLER SAYS JEWS ARE UNPRODUCTIVE

Nuremberg, Sept. 7.

An attack on Jews was the chief feature of an address on art and culture by Herr Hitler at the Nazi Party Congress here last night.

He declared that Jews as a whole were absolutely unproductive and their criticisms are therefore, of no consequence.

The strongest opposition to the Nazis still came from international Jewry, Herr Hitler said.

Ejection of Jews from the cultural life of Germany should be regarded by other countries as a gain and not a loss, he said. But while they criticised the crumbling decay of culture in Germany, they are little inclined to admit representative Jewish art into their own lands.

Germany's cultural achievements, declared Hitler, would attain world fame in years to come, and their buildings would last longer than gibbering, democratic Jewish criticisms. (Reuter).

and the Government will prepare new laws in collaboration with the Sudeten German Party.

The proposals will be laid before Parliament and will be enforced as quickly as possible.

They will form the new Nationalities Statute, which will apply not only to Germans but to all other nationalities. (Reuter).

PROPOSALS EXPLAINED

Prague, Sept. 7.

Mr. F. T. A. Ashton-Gwatkin, Lord Runciman's chief assistant, explained the Czech Government's new offer to Herr Kundt and Herr Rosche, Sudeten deputies, yesterday.

Lord Runciman also participated in the talks, the result of which, it is learned, were favourable.

Later Herr Kundt, accompanied by Herr Sebekowski, was received by Dr. Edouard Beneš, Czech President.

It is understood that the two Sudeten delegates will now visit Dr. Milan Hodza, the Premier, with a view to discussing the question of a resumption of negotiations.

NO RESTRICTIONS

It is denied that the Government has laid down any restrictions regarding the Nazi doctrine.

The Executive Committee of the Social Democratic Party, one of the principal components of the Government bloc, has unanimously approved the decision of the Cabinet. (Reuter).

HENLEIN AT NUREMBERG

Nuremberg, Sept. 6.

Herr Konrad Henlein, the Sudeten leader, arrived this evening, and it is understood that he immediately got in touch with German officials. (Reuter).

Secession Of Sudeten Districts

London, Sept. 7.

Secession of the Sudeten districts as a possible solution of the Czech problem is suggested in a leading article in The Times today.

The Times says if the Sudetens now ask for more than the Czech Government is apparently ready to give them it can only be inferred that the Germans are going beyond the mere removal of disabilities and do not find themselves at ease within the Czechoslovakian Republic.

In that case, it might be worth while, for the Czech Government to consider whether it should exclude altogether a project which has found favour in some quarters, that of making Czechoslovakia more homogeneous by allowing the secession of the Sudeten districts.

The paper adds that in any case the wishes of the population concerned would seem to be decisively important in any solution that can hope to be regarded as permanent. (Reuter).

Japanese Gas Warfare

CHINESE NOTE TO LEAGUE

Geneva, Sept. 6.

The Secretariat of the League of Nations has published a new note from the Chinese Government setting out recent alleged uses of poison gas by the Japanese, notably in the neighbourhood of Kiangsi.

The note was immediately communicated to all member states.

Among the 11 alleged cases during the past four months set forth in the note was the wiping out of an entire Chinese division at Singtze, south of the Yangtze, on September 1, and also the gassing of 1,000 Chinese soldiers at Jui-chang on August 23.

Reports by five Red Cross doctors to the effect that they treated Chinese soldiers for gas poisoning in Haichow as early as May 11 are cited.

The note states that documents found on the bodies of Japanese killed in action near Anking in June contained instruction for the use of gas, and proved that the Japanese had a special chemical warfare corps. (Reuter).

MONEY COLLECTED FOR CHINA RELIEF

PROCESSION STAGED IN KOWLOON WITHOUT OFFICIAL PERMISSION

No Vindictive View Taken By Commissioner Of Police

The Commissioner of Police has instructed me that he does not wish to take a vindictive view of the incident," said Mr. W. J. Lockhart Smith, Assistant Crown Solicitor, at the Kowloon Court yesterday, at the conclusion of hearing of the case against five Chinese charged with organizing and taking part in a procession without permission from the Secretariat for Chinese Affairs.

There is no objection to collection of money for any deserving purpose. The Commissioner of Police wishes to let it be known that he has a very rooted objection only to the method of collection. Your Worship will remember the disastrous circumstances ensuing on a similar parade in the past," he added.

"Government cannot countenance propaganda in the Colony by one country against another. With both the countries in question we are at peace," said Mr. Lockhart Smith.

The parade in question was organized by the Shum Shui Po group of relief workers of the Fruit and Vegetable Traders' Guild.

Over 100 banners were carried at this procession on August 20 at Shum Shui Po.

Twenty-eight banners were seized by the police.

The inscriptions on some of the banners were read out to the Court, translated into English, by Mr. Lockhart Smith.

Two of them read: "Make your best efforts to kill the enemy," and "Wake up all the people to kill the enemy!"

Mr. Macfadyen imposed fines of \$15 and \$10 on two of the defendants, fining the other three defendants \$5 each.

APPEAL COURT

Judgment Reserved

An appeal against the decision of Mr. H. B. Butters who had dismissed a summons, taken out by Sanitary Inspector Benwell, against Un Wai for allowing the basement of No. 22, Star Street to be used as a habitation, contrary to the Urban Council Regulations, was heard before the Acting Chief Justice, Mr. Justice R. E. Lindell, and the Acting Police Judge, Mr. Justice E. H. Williams, in a Full Court of Appeal, yesterday.

Mr. Abbott, Assistant Crown Solicitor, stated that the summons was taken out after respondent had been warned. Before the Magistrate, respondent made an unsworn statement and was discharged. The Magistrate held that notice should have been served on respondent prior to the issue of the summons; and that a summons taken out simultaneously against the occupant of the basement and the owner was not justified.

Mr. Abbott submitted that the Urban Council was fully entitled to select which section of the regulation to proceed under, and that under a certain regulation the serving of a notice before the summons could be dispensed with.

Mr. Abbott said that the Magistrate accepted the statement of respondent who said that he did all he could possibly do to prevent the use of the basement for habitation.

The Acting Chief Justice held that the Urban Council was not under an obligation to serve a notice prior to issuing a summons and reserved judgment on other points raised, remarking that the evidence given before the Magistrate was very unsatisfactory and that it was the duty of the Magistrate to elucidate the exact position by putting questions to the respondent.

ANNUAL MEETING OF INDIAN RECREATION CLUB

TRIBUTE PAID TO FRANK PEREIRA

The 20th Annual General Meeting of the Indian Recreation Club was held yesterday evening in the Club's premises, Sookunpoo, when Mr. A. el Arculli took the chair.

The Report and accounts for the past year were adopted and the following were elected on the Committee for the ensuing year:—Mr. A. el Arculli (President), Messrs. A. G. Sufmad and Badan Singh (Vice-Presidents), Mr. M. A. Wahab (Secretary), Mr. S. A. Rumi (Treasurer), Cricket Captain (1st XI): A. R. Minu, vice-captain: A. H. Madar; Captain (2nd XI): A. Aziz; vice-captain: M. Razaq; Tennis Captain: O. Rumi; Lawn Bowls Convener: M. R. Abbas; Club Committee: Dr. H. el Arculli, Messrs. S. A. R. Ismail, R. Nazarin, R. M. Omar, H. T. Barma, A. H. Madar and A. R. Dallah.

Addressing the members present, the Chairman mentioned the Club's success in Cricket and Lawn Bowls, but remarked that the Club had lost ground in Tennis. "In past years our teams were teams to be reckoned with in the tennis courts, but in recent years we have not done so well and I hope that members will pay more attention to this branch of sport so that we might make good our lost ground."

The chairman mentioned that though there were more members the profits of the club had not risen proportionately, the reason being the cut in charges for drinks.

"Though on the face of it, we are in a pretty sound position, in reality things are not as they seem, for this reason you will see that we have to write off every year a certain amount for depreciation, and this depreciation, although it does not represent cash, does not mean cash as far as value is concerned."

FRANK PEREIRA TRIBUTED

The chairman asked those present to bring in more members to support the club, and mentioned the club's regret over the deaths of two of its former members, Messrs. Sirdar Khan and F. D. Pereira, who were held in high esteem by all members of the club. Members stood up in silence for a short while as a mark of respect to these members.

By George M. Kelley . . The MAGIC WAND

Years ago I approached a young soldier who was standing where a "fierce" battle had just been fought between the contending Kwangsi and Kwangtung armies. I asked, "Why do you fight?" He politely replied, "A soldier knows nothing but obedience, so when our Commander orders us to give battle, we obey." Another remarked that he had been a soldier six years and had never once fired his rifle.

Today, Buddhists voluntarily leave their secluded homes in quiet monasteries hidden in dense mountain forests and take their places at the battle front fearing neither danger nor death.

Fifty-eight-year-old grandmothers organise guerrilla bands and direct their activities, supply them with food, clothes and money. Co-eds in provinces remote from the glamour of China's wealthy centres demand (and get what they ask) to be sent to the front where they can share with their brothers and fathers the horrors of a bloody war.

One of Canton's 2,600 refugees, who are being given a meal a day, once lived in Shanghai on a carpet covering her floor which cost \$20,000, but she is absolutely resigned to her loss of everything, spurred by faith in the justice of China's cause.

RENDERED PENNILESS

An acquaintance of ours, owner of two large modern homes in Tungshan, Canton, has worked many years in the United States and lived frugally in order to save money to buy this property. Because of the present hostilities, he is penniless. He returned all the electric meters installed in his houses in order to get the deposits for use as passage money for himself and family to Hong Kong.

He lives in a cubicle about eight feet square, eking out an existence, yet I have not heard him utter one word of complaint against the Chinese Government, but rather has heard him express himself as being delighted to share with his country this national burden.

Coming along the street a few nights ago, I was attracted by the rather musical voice of a child whom I would judge to be about seven years of age. He was singing a well-known war chorus. I looked and fifty yards ahead I saw the young patriot sitting in a large tub partly filled with water, and he was singing most spiritedly and beating the water. I was deeply

etc., one can appreciate how quickly his finances have been used up. Following on the message received on Sunday about the renewed push on Hankow, another message, from a reliable source, told us that during the recent battles on the north and south banks of the Yangtze, the Japanese suffered some 14,000 casualties. Of these 5,400 were killed and over 8,000 wounded. This means that apart from the maintenance of her troops in China, Japan must find the hospital costs something stupendous. And yet, in spite of it all, we have the oily-tongued Nipponese telling the world that all will end well for Japan in her murderous war on China!

AS A MATTER of interest, let us also examine the position in China. In this vast Republic the greatest massing of the people in the history of China is at present going on. It has been going on since that day in July, 1937, when the Japanese started the "incident" in Lukouchiao—the "incident" which smouldered slowly only to burst into one of the most cold-blooded mass murder of innocents of all time.

China has suffered many reverses. She has lost, temporarily at least, some of her provinces but her spirit remains the same—dignified and unshattered, and if the Japanese think for a moment that they will yet succeed in beating China to her knees, she is due for another big disappointment.

China is actively resisting the Japanese, but probing into the matter, the effect on Japan goes much deeper than mere resistance by the Chinese. The civilised world is so disgusted with that country that they will have nothing to do with her though one or two Powers, with the object of making money where it can be made, no matter how it is made, still continue to deal with her, but when they find that she cannot pay ready cash for goods ordered it will be another tale altogether.

And yet Japan is happy in the thought that these same Powers are her friends!

What Our Readers Say

PORTUGUESE AND PASSPORTS

[TO THE EDITOR OF THE
HONG KONG DAILY PRESS]

Sir—As it is rumoured here that the Government of Hong Kong intends to call for passports from Portuguese citizens who may stay in Hong Kong for more than 24 hours, perhaps it would be well for the powers-that-be to consider the following points, namely:—

(a) Portugal is the oldest ally of Great Britain, and her citizens enjoy "the most favoured nation clause."

(b) If the citizens of China can enter and leave Hong Kong without any passports, the citizens of Portugal are also entitled to equal privileges and immunities. Any differential treatment, meted out to them, would go against their treaty rights, even in the event of war happening—which God forbid—much less in peaceful times like the present.

Thanking you for the publication of this letter, in your newspaper, and enclosing my card,

Japanese Use Of Gas

REPORT OF H.K. DOCTOR

The following is a recent letter written to The Times by Dr. W. C. W. Nixon, of Harley Street, and formerly Professor of Obstetrics at the University of Hong Kong.

Sir—Reports of the use of gas by the Japanese have appeared from time to time. On this point I have this week received authentic evidence from a British doctor, who was at one time a colleague of mine in Hong Kong. Dr. H. Talbot is now working for the Chinese Red Cross at Nanchang General Hospital.

Some of the Chinese casualties of the fighting (July 2-5) in the Matang sector, below Kinkang found their way to his hospital. Examining them he detected gas poisoning in 19. Furthermore, post-mortem examinations revealed in the organs changes which were directly attributable to such a poison.

I would not burden your readers with the full list of his medical findings in each case, but suffice it to say that vision was affected and the skin and lungs involved.

Dr. Talbot was accompanied on this inspection of gas casualties by the Rev. Johnson, senior member of the Methodist Mission at Nanchang, and by Captain Dorn, Military Attaché to the American Embassy at Hankow.

And so it is proven that the Japanese are having recourse to this diabolical form of murder. If gas must be used at the battle front, in the name of humanity let us pray that it will not be used against the innocent civilian Chinese, thousands of whom have already perished through the effects of the incendiary bomb.

Hello & Goodbye

—BY A.W. HYER—

Have you all ever tried buoy sitting? With the perfectly grand bay, lovely scenery and all the traffic going by there is no chance to become lonely or miss any doings of Kowloon or Hong Kong.

Sitting on Buoy No. 2 the other morning, watching "Tee Ferry Boats" breeze back and forth, all you people hurrying to work, we had a delightful trip for ourselves, our ticket read "Dream Castles". The journey was a bit bobby but such pink, emerald green and bright blue castles we found there, till all of a sudden one of those big comfortable steamers bound for the north came along—And just like that we were off with a splash and back to work.

Monday

NOW, MONDAY was a holiday, and in one country of this big globe they call it "Labour Day"—Oh! a holiday. But there were no boats nor airplanes and not one of you were off to places, were you?

Yasukuni Maru

N.Y.K.'s FAT, PRETTY steamer with the red and white stripes started herself off for the north and Japan Tuesday 5 p.m.

School and all the business that goes with it were beckoning to Phillip Le Patourel and Charles Le Patourel as they sailed away to Kobe. They were very chipper about days to come, their vacation was a very good one and they were looking forward to school chums, teachers and studies at the Canadian Academy in the Japanese city.

We hope you get all "A" marks this season.

Imperial Airways

DUE TO THE illness of Captain L. J. M. White, the Delta did not depart from Kai Tak Tuesday a.m.

Captain S. Hoare flying to Hong Kong from Bangkok Tuesday p.m. collected all the mail and two passengers and departed Wednesday 6 a.m. with Mr. O. Pritchard co-piloting. Therefore, everything runs smoothly again. Captain White, we hope, will be better, and two planes with Captain Hoare and Captain Wilson will come rushing into Kai Tak, Friday, the 9th with the first service of the "All-Up-Mail Service" from London.

Mr. M. S. Kong of the Colony was not disturbed over his day delay in departing. Away he left Wednesday for Bangkok, on a very short business trip.

Imperial Airways Air Journeying:

Seven days of pleasure journeying, seeing places and things you have always heard and talked about, enjoying a very comfortable air trip via the Imperial Airways, rail and motor trips. Touching at Aranya, Stenrap, and many old and outstanding points of interest in Indo-China and Siam.

Home, Hong Kong in seven days, much you have seen and enjoyed interesting and comfortable round trip by air, all at a very small cost. The complete journey is prepared for you by the American Express Co. They are your secretary arranging each and every detail, hotels, tickets, luggage, private cars, tours, launches—just everything. It would be a "Seven Day Wonder" for anyone taking advantage of the trip.

NEW ACTIVITIES PLANNED BY JAPANESE

Col. Minamimoto Now In Amoy

(From Our Own Correspondent)

Canton, Sept. 7.

Colonel Minamimoto is reported to have arrived at Amoy to direct activities in conjunction with the new harassing activities mapped out by General Iwane Matsui, former Commander-in-Chief of Japanese troops in Shanghai.

It is reported that Rear-Admiral Misakichi Okuma in command of Japanese Naval forces in South China, has been transferred to the Yangtze in connection with the advance on Hankow and that another flag officer has been appointed to the post.

The arrival of Colonel Minamimoto at Amoy synchronised with the activities of Japanese agents in South China. One passenger who arrived here yesterday afternoon by steamer from Hong Kong was arrested on suspicion. He claims to be born in Hong Kong but cannot speak Cantonese. It is suspected that he is a Japanese, although he can write Chinese.

The vigilance of the police has cleared Canton of spies and traitors.

Air France

THE VILLE DE BAGDAD, Air France's airplane from Hanoi, called at Kai Tak 11.30 a.m. Wednesday.

Quite a "Globe Trotter" and most enthusiastic air traveller arrived from an interesting and thoroughly enjoyable vacation, Miss S. Tasartey. "Once travelling via air to Hanoi, you will never take a boat to this destination again," stated the charming teacher. "The Bay along the thousand islands is breath-taking from the air, in fact, all the scenery along this route is beautiful," were her added remarks.

School, the Central British School, will open shortly and back to her desk Miss Tasartey will go but with plenty of travelling stories and information to enchant her pupils.

Mr. P. Lynch was another arrival via Air France. Off he went leaving us just looking at his dust. This nice American gentleman is an adviser to the Chinese government and just down from Chungking.

How-do-you-do!

"Back to see the ladies," so he reports, and none other saying such than Mr. A. M. Chaplain arriving from Hankow and Chungking. His trip to the north was quite short and he felt lucky to be able to have the return trip via Air France. Words for us, no—but we will be waiting for you this time when you depart via the s.s. Victoria this week for Shanghai.

Kai Tak Builds

IF YOU ARE using flying boats these days you will have the pleasure of using the new and "will be" very fancy new reception and business office now being constructed at the end of the pier out at Kai Tak. At the present time Pan-American Airways will have the sole use of this new building until Imperial Airways come along with their flying boats. When the grand opening bursts forth we shall give you the exact information regarding the new quarters.

NEW REICH LOAN POSSIBLE IN NEAR FUTURE

Berlin, Sept. 7.

The possibility of a new Reich loan in the near future is being prominently mentioned in financial circles here in view of the fact that the promissory note circulation, according to the latest report of the German Gold Discount Bank, has increased from 686.2 million Reichsmarks at the end of July to 1,241.1 million at the end of August. It has hitherto been the custom to announce a loan when the figure surpasses one milliard as otherwise the money would tend to flow to the share and security market with resultant disturbing influence.

The rapid increase in the promissory note circulation is regarded as an indication that the currency in general circulation has increased decidedly, and the Reich loan affords an opportunity for investment. (Transocean).

FIERCE BATTLE AT LISHIH

Shan, Sept. 7.

Fierce fighting has broken out at Lishih in west Shan, where the Japanese troops, 200 strong, are attacking the Chinese positions at Chiaoikiakow in an effort to cross the Shensi border.

Another report states that the Japanese attacking force has now been increased to more than 500 men. The Chinese are holding their ground. (Central News).

STOLE TROUSERS

Before Mr. Macfadyen at the Kowloon Magistracy yesterday Kuk Chu, 33 years of age, was sentenced to one month's imprisonment with hard labour, for larceny of two pairs of black pongee silk trousers. He was seen leaving the premises of the complainant, Chan Ngan, 20-year-old spinster, wearing a pair. The other pair was found tucked under his belt.

LAST TEST FOR LEAGUE OF NATIONS

Invocation Of Article 17 Is Fervent Hope Of China

MESSAGE TO M. AVENOL

Hankow, September 7.

In a cable to M. Joseph Avenol, Secretary-General of the League of Nations, Dr. Chu Chia-hua, President of the Chinese League of Nations Union, urged the application of Article 17 of the Covenant and said this is the last test for the raison d'être of the international peace organ.

Dr. Chu said China, for the sake of maintaining human righteousness and the sanctity of international obligations, has made her greatest effort in waging a holy war of resistance against Japanese aggression.

It is the fervent hope of all Chinese people, Dr. Chu said, that the League in the forthcoming Assembly would invoke Article 17 of the Covenant, so that effective sanctions against Japan may be taken. International peace given a new lease of life, and the shattered prestige of the League restored.

Dr. Chu pointed out, in his cable, that the League so far has never taken any effective steps to curb Japanese aggression apart from "negative condemnation." Neither was last year's resolution, calling for individual assistance by member states to China, of any real help to China.

Dr. Chu reaffirmed the unshakable faith of the Chinese people in the League, which, however, had repeatedly failed them since the Mukden "Incident" in 1931. It is therefore hoped that the League may not disappoint too much the Chinese people again this time. (Central News).

M. JOSEPH AVENOL

"That is why our leader, Generalissimo Chiang Kai-shek, has repeatedly urged us to seek economic reconstruction and national defence through our own efforts."

SPECIAL POSITIONS

NO COMPLAINT

Hankow, Sept. 7.

Writing under the sub-title, "Word to the British people on the eve of League meetings," General Chiang Kai-shek, who recently returned from Europe which he toured for one year as Generalissimo Chiang Kai-shek's personal representative, frankly stated: "The Chinese people have no complaint against the League nor any against Britain."

"Despite the League's weakness and shortcomings we must know that today nations must form groups in order to fight. It is impossible for a nation to seek world peace individually."

"We do not care about what the powers' representatives are doing in Geneva. We can only have sincere admiration for the principles behind the League."

"We are grateful to Britain for assistance to China in the form of economic reconstruction, diplomatic guidance and support. If we ask for more there must be something wrong with ourselves."

CHINESE TROOPS RETAKE TAOLING: IMPORTANT SUIYUAN TOWN

Night Offensive Launched

Sian, September 7.

Chinese troops stormed Taoling in east Suiyuan and recaptured the city on Sunday, according to military advices received here.

The city, protected by a ring of blockhouses, was guarded by 700 Mongol and Manchurian irregulars in Japanese employ. Launching a fierce offensive Saturday night, the Chinese captured one blockhouse after another. Fighting continued until the next morning when they broke into the city and chased the irregulars out.

More than 200 irregulars were killed and 160 captured. About 200 rifles were seized. (Central News).

JAPANESE DRIVEN BACK

Kwangsi, Hupoh, Sept. 7. Defeated by Chinese troops in a counter-attack, the Japanese driving westward to Kwangsi on the north bank of the Yangtze River are reported to be falling back to Hwangmei.

The Chinese counter-attack was launched yesterday, following their flanking movements which successfully harassed the Japanese advance the day before.

Welchialangting, Tahopu and Shuangchengyi, strategic points lying between Hwangmei and Kwangsi were successively recovered by the Chinese, in their lightning counter-offensive. Shuangchengyi, 10 kilometres north of the city, was also recaptured by the Chinese troops. The Chinese vanguards are said to have reached the vicinity of Hwangmei city.

The hilly districts northwest of Hwangmei city have all the time been in the hands of the Chinese troops who are presenting a great menace to the

Japanese occupying the city. It is stated that the Japanese have been lavishly shelling the Chinese in an attempt to halt the Japanese advance. But the Chinese who have got experience in fighting against the Japanese knew what to do.

They lurked in their trenches or behind their defences during the enemy's bombardment and when it was over they emerged, charged and drove the Japanese back. (Central News).

CHINESE VICTORY NEAR HWOHSIEN

Shangcheng, Hupoh, Sept. 7.

Chinese troops won another victory over the Japanese at Heshihui (Black Stone Crossing), south of Hwohsien in west Anhwei, yesterday, killing some 500 of the enemy and capturing 1,000 rifles.

The Japanese numbering 2,000 men were subjected to an enveloping attack by the Chinese. After being severely beaten, they retreated to Hwohsien. (Central News).

M. LITVINOFF TO SEE M. BONNET

Conferences At
Geneva Next Week

FUEHRER'S SPEECH AND FRANCE

Paris, Sept. 7.

The French Government received the new proposals of the Prague Government on Tuesday evening it is revealed here, but in view of the confidential nature of the information Quai D'Orsay circles have declined to comment in any way on the plan.

The Fuehrer's proclamation has made no particular impression since it is devoid of any reference to foreign political problems at present confronting the Reich.

Considerable surprise attended the announcement made here on Tuesday night that the Soviet Foreign Commissar, M. Litvinoff, would visit Paris en route to Geneva since no conference was planned between him and the French Foreign Minister, M. Bonnet, and it is not believed that the two diplomats will meet in Paris although they will have ample opportunity for conferences in Geneva.

Political circles are inclined to assume that M. Litvinoff is coming to Paris for the purpose of discussing the Czechoslovak question with French statesmen before proceeding to Geneva.

It is confirmed that M. Bonnet will meet Lord Halifax in Geneva on September 10 and that conferences have also been arranged between him and the Polish Foreign Minister, Colonel Josef Beck, and the Rumanian Foreign Minister, M. Comnen. (Transocean).

EURASIA PLANE FOUND

(Continued from Page 1)

FLYING TO HONG KONG

Hankow, Sept. 7.

The Eurasia plane was shot down about 60 kilometres north-west of Hankow.

The plane had been flying between Hong Kong and Hankow for several days carrying mail, and it was returning to the British Colony when, according to reports from Chinese military headquarters, it was attacked by Japanese planes which had been bombing the town of Shoyang and was pursued until it crashed.

A search for the plane was begun this morning. As a result of this incident, coming close upon the heels of the attack on another passenger plane of the same company on Monday, the Eurasia Corporation has discontinued all services.

At the present time the only communication by air between Hankow and the outer world is the route to Chungking, which is still being flown by planes of the China National Aviation Corporation. (Transocean).

NO OFFICIAL STATEMENT

No official statement regarding the shooting near Hankow on Tuesday of the Eurasia Aviation Corporation plane No. EU17 has been received from the head office in the north, report officials of the Hong Kong office.

This makes the second attack by the Japanese on Eurasia planes in two days. Consequently, commercial air service by this company, from Kai Tak has been suspended until a complete understanding is reached.

On Tuesday, a new Junkers machine was down north. It will be used on the northern inter-provincial run.

They lurked in their trenches or behind their defences during the enemy's bombardment and when it was over they emerged, charged and drove the Japanese back. (Central News).

EURASIA OUTRAGE RECALLED

TOKYO STATEMENT RELEASED

In connection with the attack on the Eurasia plane on Monday, the following statement by a spokesman of the Foreign Office in Tokyo, was released by the Japanese Consul-General, Mr. T. Nakamura, yesterday:—

"On September 5, about 9 a.m., Japanese Naval combat planes sighted what they believed to be the enemy's bimotored heavy

FAR EASTERN SITUATION

Anglo-American
Collaboration

IMPRESSION IN JAPAN

Shanghai, Sept. 7.

Recent speeches by President Roosevelt and the Secretary of State, Mr. Cordell Hull, both of the United States, have given officials of the Japanese Foreign Office the impression that America is now seeking Anglo-American collaboration with regard to the Far Eastern situation.

The Foreign Office officials noted that Mr. Hull and President Roosevelt, in their speeches on August 16 and 18, respectively, re-emphasized American respect for international law and specific agreements among the Powers.

The officials' attention, it was disclosed, was directed particularly to those passages in the American statesmen's addresses in which the latter suggested America's sympathetic approach to the democratic States including, it is believed, Britain and France.

Recalling that the American Far Eastern policy so far has been marked by isolationism, the Foreign Office officials interpreted the speeches by President Roosevelt and Secretary Hull as an indication of the possible turn of the American policy in the direction of collaboration with the democratic states, particularly Great Britain.

The same officials are now giving the utmost attention to the future development of American diplomacy. (International).

LARGE-SCALE PLAN FOR PUBLIC WORKS

London, Sept. 7.

A large-scale plan for carrying out public works in the British Colonies and overseas possessions has been submitted to the Prime Minister, Mr. Chamberlain, by the Colonial Administration and Governments of Canada and Australia by competent British industrial circles, states the Daily Express this morning.

Large orders are to be given to public undertakings for the construction of railways and docks in the Colonies, and the paper goes on to say work would thus be found for many thousands of British skilled workers for a certain time overseas. (Transocean).

ADMITS CRIME

Shanghai, Sept. 7.

Vasco Mario Marcel, clerk of the Hong Kong and Shanghai Bank, accused of the murder of Luisa Maria da Cruz, at her apartment in the French Concession, admitted committing the crime in a statement to the Portuguese Consular Court at a preliminary hearing today.

He said he did not remember what happened. (Reuters).

bomber, flying toward west over Yunnan along Canton-Hankow Railway in Kwangtung Province, and gave chase, attacking it for brief period.

As the planes approached it they discovered marks in Chinese characters, "Eurasia 15" on the upper face of its wings and of "mail Eurasia" on its body, whereupon they promptly ceased their attack.

The Eurasia plane continued its flight without changing its course and altitude.

Prior to this incident the German Naval Attaché at Tokyo approached the Navy Department with the request that the Japanese authorities extend their protection to the planes of Eurasia Aviation Corporation.

The Navy authorities, however, declined to comply with the request on the ground that they could not, Eurasia Corporation being a Chinese concern, guarantee the safety of its planes and, moreover, as a practical matter such protection was impossible.

SCOTTISH UNION WINS THE ST. LEGER

PASCH GETS ONLY THIRD PLACE

London, Sept. 7.

The St. Leger run over the 1½ miles 132 yards course at Doncaster today resulted as follows:—

1. Scottish Union (7 to 1)
2. Challenge (100 to 8)
3. Pasch (6 to 5).

Scottish Union, owned by Mr. James V. Rank, won by a neck with four lengths separating Challenge and Pasch. There were nine starters.

Special place betting was 11 to 8 on Scottish Union but with the other starters it was proportionate. The weather was dull and visibility very poor but the going was good after rain. There was an enormous attendance.

A feature before the race was the heavy backing for Ramtapa which price was cut more than half in the last few days in view of the owner, Sir Abe Bailey's open optimism. (Reuters).

It will be recalled that Scottish Union came second in the Derby while Pasch, the favourite, was beaten into first place by the French horse, Bois Roussel.

Pasch, owned by Mr. H.E. Morris, the Shanghai merchant, was third

DOCK STRIKE DECREE

Paris, Sept. 7.

Negotiations between the trade unions and the Government in the Marseilles dock workers strike having failed to make progress, the French Minister for Public Works, M. de Monzie, has decided, according to today's papers, to apply a decree which stipulates that the harbour district of Marseilles be placed in a state of emergency and troops of the Marseilles garrison perform the work of dock labourers if necessary. MINE EXPLODES UNDER CAR

Jerusalem, Sept. 7.

Two soldiers were killed and four injured when a land mine exploded under a car on patrol in the northern frontier last night. (Reuters Bulletin).

HIGH FRENCH OFFICIALS CANCEL VACATIONS AND RETURN TO THEIR POSTS

Paris, September 7.

The Commander-in-Chief of the French Army, General Gamelin, and General Hetsinger, of the Supreme War Council, visited the Foreign Minister, M. Bonnet, on Tuesday for a lengthy conference. It is reported here this morning,

In connection with the recent action of the French Government in calling reserves to colours for increasing the fortifications on the north-east frontier, it is announced today that the Resident-General of Tunis, Resident-General of Morocco and the Governor-General of Algeria, have cancelled their vacations and have returned by plane to their posts.

The Commander of the French troops in Corsica, General Mollard, has also been ordered back to his post.

In an interview granted to the press on Tuesday evening, the Governor-General of Algeria stated that the measures taken by the French Government were absolutely necessary since the further maintenance of peace in Europe depends upon France being strong enough to resist any aggression. VALLEY BOWLS COMPETITION

DESCRIPTIONS OF LAST WEEK'S GAMES

Bradbury's Indisposition Holds Up Singles

By B.R. SWILLER

A competition known as the Valley Bowls Competition (and which as the name suggests, is confined only to Clubs in Happy Valley—the Civil Service C.C., Police R.C., Craigenower C.C. and Hong Kong Football Club) commenced on Saturday, Vat 69 Whisky, through their local agents, Messrs L. R. Loxley and Co., Ltd., has presented a prize for the competition which is run somewhat on the lines of the "Lawn Bowls League," but with this difference—each Club is represented by four rinks instead of three and all matches are played on neutral greens.

The Valley Bowls competition commenced on Saturday and both the Civil Service C.C. and Craigenower registered wins against the Hong Kong F.C. and the Police R.C. respectively. On the Police green the Civil Servants were up on all rinks and beat the Hong Kong F.C. by 28 shots. G. H. Sheriff beat H. V. Pearce by 17 shots. In spite of a six, J. Hollidge beat F. H. Haynes by only a single shot. Craigenower met the Police on the Civil Service green and beat them by thirteen shots. With the exception of A. E. Coates who lost to A. E. Carey by three shots, all the Craigenower skips were up.

Of the four Clubs eligible for the Valley Bowls Competition, Craigenower is undoubtedly the strongest, and should win the Competition. They have removed a very big obstacle in overcoming the Police, as the latter is the only Club that may seriously challenge their supremacy. The Civil Servants, too, may offer some resistance. It must be remembered that on the occasion of the League matches played between these two Clubs, the Civil Servants came to within an ace of beating Craigenower when they played away and actually won (narrowly, it must be admitted) at home. If they have done it once before, they may do it again.

SINGLES CHAMPIONSHIP

Progress in the Lawn Bowls Singles Championship has been arrested owing to the unfortunate indisposition of B. W. Bradbury whose semi-final match against A. R. Dullah, which was to have taken place yesterday has again been postponed.

The other semi-final match between J. A. Luz and J. V. Ramsay was played on the Civil Service green last Thursday and ended with a narrow victory for Luz on the 27th head by 21-18. With the exception of only a few indifferent heads, a high standard of play was maintained throughout the game in which Luz was always in the lead, except for one head (the sixth), when Ramsay led by 4-3. Though the score was 18-12 in Luz's favour on the 27th head, Ramsay scored six shots to Luz's two on the next six heads to be only two shots behind his opponent on the 28th head.

At one time, there was every indication of the match ending on the 28th head, as Ramsay was lying two shots on the 27th, but Luz was extremely lucky to have won with his last wood which was narrow but which wicketed off a front wood to come in for the first shot.

It was unfortunate for Ramsay that the game should have ended this way, but Luz undoubtedly deserved the victory, as he was the more consistent of the two.

Baseball

NOTES ON LAST WEEK'S GAMES

TREAT FOR THIS SUNDAY

BY "R. O. Y."

Chinese Baseball Club, local league champions, proved worthy of their premiership honours when they trounced the Overseas Chinese by 14 runs to 2 on Saturday, and on Sunday scored a shut-out victory over the British Empire to take the final game of the Mamak International Tournament, by the convincing score of thirteen runs to nil.

The "Overseas" veterans let their supporters down with a third when they never looked like justifying their challenge to the Chinese squad, who showed their opinion of the opposition by starting their second string pitcher and replacing him halfway through the game, with their regular first baseman, who has not been seen on the mound for the past ten years. Both Nip Lum and Tommy Chan pitched effectively to allow the losers only three hits.

The Overseas' avowed intention of teaching the local champions how to play ball, was the incentive for every member of the Chinese squad to play heads-up baseball; they committed only one error in the field but that error allowed the Overseas gang to score two runs to avert the ignominy of being whitewashed.

Of the winners' thirteen hits, Tuiffy Chinn got three, including a triple bagger, and two each were scored by Nip Lum, who crossed the plate four times, Tommy Chan and Wally Ching; the last named also had to his credit, three stolen bases.

There was little to enthuse about in the losers' display, the nine errors they committed must be very close to being a record, but C. C. Lee pitched steady ball to hold the Chinese hitters during the latter half of the game. Bill Hong Sling scored the losers' first run, but was made to look somewhat foolish when, later in the game, he capered off the initial sack to be trapped by pitcher, Tommy Chan, on the third baseman's signal.

WONG'S SUPERB PITCHING

Better entertainment was served up on Sunday, despite the score, when Earl Wong pitched superb ball, allowing the British Empire team only two hits, to chalk up his first shut-out victory of the season.

China scored their runs in batches, garnering five in the first, and four in each of the fourth and sixth innings, to tally thirteen runs on only five hits, but as Abe Liu was calling the plays, this occasions no surprise as the Chinese mentor is well known for his ability to conjure up runs seemingly out of thin air.

P. F. Choy was the outstanding batter, scoring three runs and getting two hits in three times at bat. The winners' infield was sound, with Chinn and Chan handling numerous chances without a single bobble; the outfielders may as well have stayed at home for all the work they were called upon to do.

"GOOSE EGGS"

Towards the end of the game, interest was centred upon whether the British team could break the sequence of goose eggs that were being chalked up on the score board; the acknowledged hitters disappointed, but Lefty Bowen created a stir, in the last inning, when he doubled to the left field fence and then stole third; his team-mates, however, try as they would, could not bring him home.

Dave Walley was responsible for an amusing incident when he attempted to steal a squeeze play, by stepping in front of the plate to take the pitched ball; the umpire promptly allowed base-runners to advance one base, and called a ball in favour of the batter. At the conclusion of the game the Mamak Shield and souvenir trophies were presented to the winning team.

NOTES

and J. G. Meyer was brought in
instead. E. W. Lines was at the
helm and played well, being very
consistent throughout the game,
but he found the Scottish combina-
tion a true superior.England had a chance of
winning, as on the 20th head,
the score was 15-11, but R.
Duncan took one shot on the
last head to win the match.
Bradbury's absence struck a
mortal blow to England's
chances of winning, as it is
very likely that with his help
they would have won.He is playing well at present and
apart from having skipped a
Craigengower rink with more than
ordinary success in the League, he
is in the semi-final of the Singles
competition.INDIA REJECT "GIFT"
India (J. Hoosen, D. M. Khan,
A. R. Minu and A. K. Minu) lost
to Portugal (L. F. Xavier, H. A.
Alves, C. G. Silva and F. X. Silva)
by 21-18, but if A. K. Minu had
accepted the gift which the gods
offered him on the last head there
would be a different tale to tell.J. A. da Luz who was originally
down to lead Portugal, was away in
Macao. L. F. Xavier took his place
and a worthy substitute he proved
to be. However, J. Hoosen was in
fine fettle, too, and a rare tussle
ensued between him and Xavier,
from which the Portuguese
emerged winner slightly more often
than the Indian. H. A. Alves gave
an indifferent display at first, but
later proved a veritable thorn in
the flesh of the Indians, being very
accurate in his drawing.C. G. Silva played some excellent
shots, his heavy woods on a num-
ber of heads being very deadly, but
something he took at tea upset him
and his form declined as a conse-
quence.A. R. Minu played extremely well
for India. He changed the "lie"
quite often in the course of the
game, but A. R. Minu was off form
and did not play as well as he was
expected to. F. X. Silva played
well on a number of heads, but on
the whole he was inconsistent.

A. R. MINU IN FORM

The game was very even
throughout, each side taking the
lead in turn. Portugal led in the
first few heads, but India managed
to creep ahead on the 8th head,
with the score at 5-4. On the 10th
head, the score was 8-5 in Por-
tugal's favour, but thanks chiefly
to A. R. Minu, whose woods at this
stage of the game were constantly
changing the position, India scored
five shots on the next three heads
to Portugal's one, to lead again by
10-8. However, a six on the 18th
head, credit for which must go to
F. X. Silva, enabled Portugal to
forge ahead again with the score at
16-13.When Silva went down to
roll, he had one shot against
him, with four of his woods
clustering round the jack. He
pushed Minu's shot through
with his first wood to lie two
hundred and his second caused
Minu's wood to be shifted still
further to give him a count of
six. Admittedly these two
shots were excellent, (in fact,
they were F.X.'s best for the
afternoon), but Minu should
have tried to block him.This would have made it impos-
sible for Silva to take a big count
against him, particularly at that
stage of the game when every shot
was precious. But instead he was
trying to draw all the time, when
his single wood among so many of
Silva's was simply crying for pro-
tection. However, as India scored
four on the 19th head to actually
lead again by 18-17, the position
was not as hopeless as it had seem-
ed.

EXCITING FINISH

A. K. Minu did a fine job to take
the jack several feet back for the
four shots, Silva failing to save
with his last wood which was
wrecked. On the next head, (the
20th), Portugal scored three to take
the score to 20-18 in their favour;
India, needing three shots to win,
had the first shot on the last head
when the skips started to roll their
woods. Silva was heavy with his
first wood, but did no damage.
Minu pushed his front wood for the
second shot. However, Silva drew
the second shot to save the day for
Portugal with his last wood.Minu had a fine chance of
snatching a last minute victory if
he had grasped the opportunity
offered him. He could see Silva's
second wood clearly. All he had
to do to give India the three shots
necessary for victory was to push
Silva's nearest wood a foot
through, but he was much too
heavy and took the jack back in-
stead to present Silva with one
shot.
